## **Work experience**

Company name : Supreme Poultry Breeder Farmer  
Position : in- service training  
Year : 2018

## **Personal Attributes and competencies**

- Willing to learn and acquire more knowledge
- Basic computer skills
- Team player
- Organised

## **Profile**

I was doing in-service training in Supreme poultry breeder farm for a year, I was at rearing for six month and also at laying for six months duration, I have learned the importance of biosecurity and why I should follow biosecurity measures and its procedures. I also learned about brooding period, vaccination procedure, grading of birds during rearing, the importance of lighting and ventilation programmes which need to be set properly according to programmes, also space density birds need enough space to move, right feeding space to avoid cannibalism which will result in high mortality.

Lastly I learned about importance of egg chain quality, nest boxes management, egg collection, egg fumigation and egg storage and egg hygiene. All in all the basic foundation for good performance and production is FLAWSS, Feed, light, air, water, space and sanitation.
